

US\$ Distributor Wholesale Price Structure 2025

Wholesale Orders are based on the total amount calculated in US dollars after the discount

Please Note: To qualify for a wholesale discount, your order must fall within the applicable price range AFTER the discount is applied.

For example, to receive a 20% discount, your order, measured `discount value must exceed \$1,000, and this calculation does not include taxes or Shipping & Handling.

- ☐ For wholesale orders between \$1,000 and \$2,000, a distributor will receive 20% off the retail prices.
- ☐ For wholesale orders between \$2,000 and \$3,000, a distributor will receive 30% off the retail prices.
- ☐ For wholesale orders of \$3,000 and up, a distributor will receive 40% off the retail prices.

For distribution networks and companies with a sales force, it is possible to receive a 50% discount:

- ☐ When you place an order valued between \$20,000 and \$100,000, you are eligible for a 50% discount off the retail prices on models ranging from 1/4-inch to 2-inch diameters.
- ☐ Additionally, when you place an order for our largest commercial models (3-inch and 4-inch diameters) totaling more than \$40,000, you also receive a 50% discount off the retail prices.

The following tables provide a breakdown of costs and profits made on the full Vortex Water Revitalizer product line, reflecting the wholesale discounts offered by World Living Water Systems Ltd.:
